

## Overview

The Joaquin Bustoz Math-Science Honors Program (JBMSHP) is an intense academic program for students interested in careers requiring mathematics, science, and engineering-based coursework who are typically underrepresented in those fields of study. Participants live on the ASU Tempe campus while enrolled in a university-level mathematics or computer science course.

**Earn three (3) university credits**

**Live on the ASU Tempe campus**

**Take classes with ASU faculty**

**Learn how to successfully transition to college**

**FREE TO ATTEND!**

## Important information

- Incomplete or late applications will **NOT** be considered.
- Special consideration is given to students who are first-generation college-bound, typically underrepresented in STEM, and/or represent diverse backgrounds throughout the State of Arizona, including rural communities and Native Nations.
- Decisions of the selection committee are final.
